- **Accounting firm:** accounting statements, audit reports, confidential information sharing...

### FEATURES FOR YOUR BUSINESS

- **Secure private space** for depositing and protecting any type of digital format.
- **Maximum security and inviolability** through strong authentication, military-grade encryption, and our guarantee as a provider to be unable to access the information in your safe.
- Highly confidential **two-way exchange** possibilities.
- **Customized service** tailored to your specific needs.
- **Automated** safe deposit.
- **Emergency opening procedure** in support of your Disaster Recovery Plan/Business Continuity Plan.

### A SECURE ECOSYSTEM

## 6 ADVANTAGES OF SEEZAM

### AN ULTRA-SECURE DIGITAL FORTRESS

SeeZam is exclusively hosted in the Grand Duchy of Luxembourg, an important data center in the European Union that benefits from a unique legal environment and allows for unlimited levels of encryption and authorizes the provider of virtual safes to not hold a master key or a copy of its clients' keys.

### A QUICK RETURN ON INVESTMENT

SeeZam's clear and predictable fixed budgeting for professional solutions helps you optimize payments and reduce associated administrative costs (such as paper, envelopes, stamps, document processing time...).

### ANYWHERE, ANYTIME

You will be impressed by the intuitive interface of SeeZam and the simplicity of its implementation within your company. Your client/employee has access to their virtual safe at any time, anywhere in the world via any device with an internet connection.

### A SUPERIOR SERVICE FOR YOUR CLIENTS

All confidential documents of your clients are kept: they log in regularly. Each login is a qualified contact with your client, promoting their loyalty.

### A COMPETITIVE ADVANTAGE FOR YOUR BUSINESS

Differentiate yourself from the competition and attract new customers by providing them with this innovative platform that allows for the exchange of confidential information with you.

### REDUCING YOUR ENVIRONMENTAL FOOTPRINT

SeeZam facilitates your efforts to digitize confidential documents intended for your employees/clients, thus supporting a responsible environmental policy.
