

## YOUR PRIVATE DIGITAL FORTRESS, IN THE HEART OF LUXEMBOURG!

- Shorter waiting lines at your administration's reception counters.
- Dematerialize your documents securely and at ultra-low cost.
- Protect your administration and citizens from data leaks and prevent sensitive data from falling into the wrong hands.

SeeZam is an **innovative, private virtual safe**. As a pioneer in the field, this online service meets the increasing security needs of government service providers for the storage and sharing of confidential documents.

### INFINITE POSSIBILITIES FOR USE IN THE PUBLIC SECTOR

**Municipalities and police zones:** sending of reports, provision of various administrative documents such as birth certificates, criminal record extracts, certificates of residence, requests for urban planning permits, requests for resident cards...

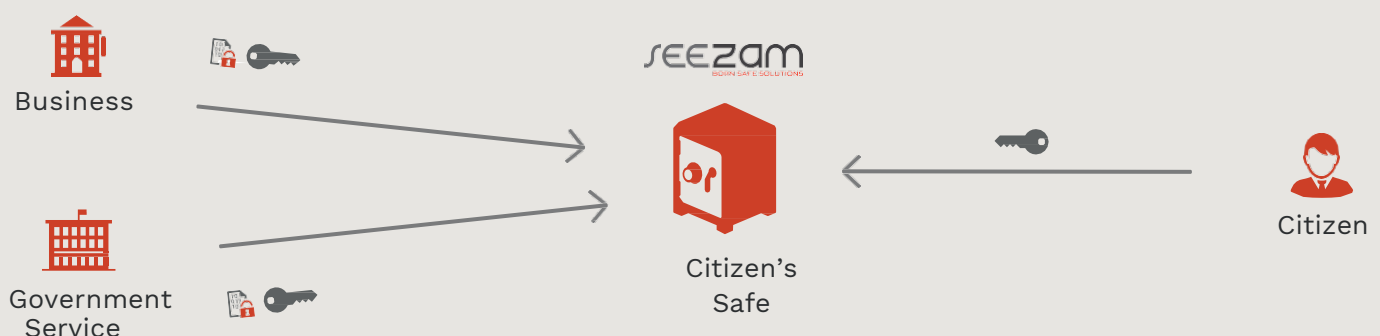

**Boards of directors:** exchange of meeting minutes and other highly confidential information among board members...

**Federal and regional public services:** provision and exchange of highly confidential information, electronic signatures...

### ENHANCED FOR YOUR PUBLIC ORGANIZATION

- **Private space becoming the property of the citizen** allowing for the deposit and protection of any type of digital format.
- **Maximum security and inviolability** thanks to strong authentication, military-level encryption, and the guarantee of our inability, as a provider, to access the information in your vault.
- **Highly confidential bidirectional communication/exchange** with the citizen.
- **A tailored service** that meets the specific needs of public organizations.

### A SECURE ECOSYSTEM

## 6 ADVANTAGES OF SEEZAM

### OPTIMISE CUSTOMER SERVICE FOR ALL CITIZENS

The dematerialization and transmission of confidential documents in the virtual safe deposit box® reduces waiting lines at administrative counters. This is a tangible advantage granted to the citizen who can use SeeZam for their other sensitive information.

### QUICK RETURN ON INVESTMENT

Take control of your costs with SeeZam's fixed, clear, and predictable budgeting (pay-as-you-use model) and reduce the associated administrative costs (paper, envelopes, stamps, document processing time, etc.).

### AN ULTRA-SECURE DIGITAL FORTRESS FOR ALL YOUR FILES

SeeZam offers the highest levels of security and confidentiality through strong authentication via e-ID and military-grade encryption. SeeZam does not hold any master keys or copies of its clients' keys.

### SIMPLE AND ERGONOMIC

You will be impressed by SeeZam's highly intuitive interface. In addition, the implementation of the SeeZam ecosystem within your organization is simple and can be done in a very short time.

### ANYWHERE, ANYTIME

The citizen has access to their virtual safe deposit box® at any time, from anywhere in the world, via any device with an Internet connection.

### REDUCING YOUR ENVIRONMENTAL FOOTPRINT

SeeZam facilitates your efforts to dematerialize confidential documents intended for citizens, thereby supporting a responsible environmental policy.

## A UNIQUE SOLUTION

Integration and customization according to the needs of the public sector.

Developed by security specialists and benefiting from all the infrastructure and support of SeeZam.

100% security and confidentiality of the transmission and exchange of information with the citizen.
