SECURITY
INNOVATION PROVIDER
OF THE YEAR

Easily move into the digital age for the transmission and exchange of the most sensitive documents:

- Human Resources - GDPR
- Banking and Insurances
- Private Equity, Real Estate, Family Offices
- Boards of Directors
- Companies - distribution of activity reports or evaluations
- Financial department - balance sheet sharing

Always at the forefront of technology, SeeZam is an **innovative online private virtual safe[®] service**. Proven over the past 10 years by thousands of users, this service meets the growing security needs of **payroll operators, trustees** and **HR departments** for the preservation and sharing of confidential content.

100% safe management of your confidential information

YOU WISH TO...

- **Guarantee the confidentiality of communications** within your organization and exchanges with your employees and stakeholders?
- **Transmit sensitive or even secret documents** with maximum security at a minimal cost?

SEEZAM IS THE SOLUTION FOR YOUR ORGANIZATION!

- **GDPR:** a must: Only the user has access to his data.
- Maximum security and inviolability through strong **authentication and military-grade encryption** for both connections and files stored in the vaults.
- **Highly confidential exchanges** with third parties (employees, suppliers, customers,...) duly authorized.
- **Customization according to your organization's needs** (partial or total exploitation, your branding, integration into your customer space...).
- **Automated distribution of information** with the strictest confidentiality through encryption of data starting from your operating site.
- **Private space** allowing the filing and protection of any type of personal digital document.
- SeeZam guarantees that only authorized users have access to the contents of the safes.
SeeZam staff have no access to it.

SeeZam in 6 advantages !
